TBD	\$25,000,001-\$75,000,000	4/22/2012	Cooperative Agreement
Bangladesh	Ali Kaiser/Burnette-Badinga, Leslie-Ann	Bangladesh	The recipient will implement a dynamic new marketing innovation for health activity which builds on the successes of USAID's long history of support for social marketing activities in Bangladesh. The new activity supports access to new and existing public health related products using new and innovative approaches to reach new beneficiaries using a private sector social marketing model. The new activity will be implemented under USAID/Bangladesh's Health Service Delivery Project (HSDP) in line with the Mission's Country Development Cooperation Strategy (CDCS) and the U.S. Government's Global Health Initiative (GHI).	TBD	\$10,000,001-\$25,000,000	1/26/2012	Cooperative Agreement
Bangladesh	Nazim, Shafique, Burnette-Badinga, Leslie-Ann	Bangladesh	The purpose of the contract is to support the delivery of an essential service package (ESP) through a network of non-governmental organization (NGO) clinics that primarily targets the poor and underserved. This activity will build on previous experiences and current successes in NGO service delivery and will incorporate new approaches to promote optimal health behaviors and community participation, and to enhance local ownership of service delivery through institutional strengthening. This activity will embrace new US government initiatives and reforms, including the Global Health Initiative (GHI) and the USAID Forward procurement reforms, and will complement and support the Government of Bangladesh (GOB) health sector program.	TBD	\$25,000,001-\$75,000,000	1/2/2012	Contract
Bangladesh	Ali Kaiser/Burnette-Badinga, Leslie-Ann	Bangladesh	USAID/Bangladesh wishes to support the development of the next generation of public health (PH) experts by expanding access to quality public health education among a diverse group of students and strengthening the quality of public health education in Bangladesh. This project will embrace new US government initiatives and reforms, including the Global Health Initiative (GHI) and the USAID Forward procurement reforms, and will complement and support the Government of Bangladesh (GOB) health sector program	TBD	\$1,000,001-\$4,000,000	1/26/2012	Other/TBD
Bangladesh	Nafeesa Hussain	Bangladesh	The Senior Livelihoods/Agriculture Advisor will lead and oversee the mission's food security and agricultural productivity portfolio. The incumbent will be a member of the Mission's Office of Economic Growth which also manages USAID's largest food security program world-wide. This is a challenging and exciting position located in one of USAID's largest and growing development programs in South Asia.	Senior Livelihoods/Ag Advisor	\$500,001-\$1,000,000	3/25/2010	Personal Services Contract (PSC)

** Empty Cells = TBD**

Bangladesh	Nafeesa Hussain	Bangladesh	The Senior Global Climate Change Advisor for USAID/Bangladesh Environment Team serves as a manager for the Mission's growing climate change related activities. This position is located at the Office of Economic Growth (EG), USAID/Bangladesh. S/he has project development, implementation, and monitoring responsibilities for USAID/Bangladesh's global climate change (GCC) and natural resource conservation activities. Global Climate Change related activities are a USG priority. The incumbent is a principal designer and manager of GCC, natural resources, livelihood and enterprise development activities related to environmental conservation and clean energy that are supportive of the Mission's overall strategy objectives in the area of pro-poor, equitable economic growth, sustainable natural resource management, and low emissions. This involves oversight of implementing agencies, including the Government of Bangladesh (GOB) line ministries and technical agencies, contractor or grantee; coordination with other development partners, and the private sector institutions involved with global climate change and environmental conservation. Since Global Climate Change (GCC) is a national issue and as a senior key member of the Environment team, s/he deals with problems that are rapidly evolving and have impact on Environment team as well as overall Economic Growth Office. The incumbent works with the environment and clean energy team members, to ensure the development and successful implementation of bilateral activities in the natural resources conservation and livelihood programs. S/he also works closely with other members and team leaders of the Mission's EG Office as well as other offices. The incumbent's primary contacts would be the highest level of officials, senior management officials etc. In addition, the incumbent works with USAID/Washington (Asia Bureau and Economic Growth, Agriculture and Trade Bureau) technical and program offices. The Climate Change Programs Advisor develops and maintains professional contacts with representatives in both the public and private sectors, including Government of Bangladesh (GoB) officials, trade and business leaders, consultants, NGOs, and donor agencies in Bangladesh.	Senior Global Climate Change Advisor (GCC)	\$150,000-\$500,000	3/31/2011	Personal Services Contract (PSC)
Bangladesh	Nafeesa Hussain	Bangladesh	The DLI Coordinator manages the administrative, training, mentoring, and counseling support program for the junior officers assigned to USAID/Bangladesh. The incumbent will coordinate the DLI Program for all USAID offices in the Mission. S/he will serve as the primary resource on the DLI Program and carry out all key coordination functions related to the DLI Program and its participants (DLI junior officers, supervisors of DLI junior officers, Senior Mission Management, and rotation supervisors of DLI junior officers). The DLI coordinator will liaise with USAID/W/M DLI Coordinator Office and other relevant USAID/Washington entities to promote USAID/Bangladesh as a center of excellence for training and mentoring of junior officers. Although mid-level DLIs don't have established rotation and other requirements, the DLI Coordinator will also counsel such DLIs on training and other career development issues.	DLI Coordinator	\$500,001-\$1,000,000	3/31/2011	Personal Services Contract (PSC)

Bosnia and Herzegovina

Bosnia and Herzegovina	Hollosy, Viktoria	Bosnia and Herzegovina	The purpose of this program, is to promote reforms in the governance of BiH that will lead to greater investment, growth and jobs, and thereby complement direct support to the private sector that is already underway by reducing the costs and risks of doing business that are imposed through inappropriate regulation. This will be achieved by engaging responsive instruments of government, primarily at the municipal level, to govern more effectively on behalf of their citizens by reducing barriers to growth within their mandate and by advocating for reforms at other levels of government. At the same time, the activity will directly engage the private sector to better articulate, monitor and promote the reforms they need to increase their viability.	TBD	\$10,000,001-\$25,000,000		Contract
Bosnia and Herzegovina	Tusjak, Agnes	Bosnia and Herzegovina	The purpose of this three-year \$1.05 million program entitled the "Anti-Corruption Civic Organizations' Unified Network" (ACCOUNT) is to strengthen and streamline the voice of civil society in order to put pressure on the BiH government to enforce and sustain anti-corruption reforms required for the BiH European integration process. The Cooperative Agreement for ACCOUNT will be awarded to a competitively selected local non-governmental organization (NGO) who is expected to serve as a coordinator and/or a secretariat among local NGOs already involved and committed to anti-corruption work in BiH and promote the development of larger informal NGO networks or a consortium assembled around specific thematic issues. ACCOUNT will provide technical assistance and capacity building support for networking of local NGOs.		\$1,000,001-\$4,000,000	10/27/2011	Cooperative Agreement
Bosnia and Herzegovina	Hollosy, Viktoria	Bosnia and Herzegovina	The project will trial different methods of increasing inclusion of voters with disabilities in the electoral process and will partner with Everybody Counts, Inc.	Association of Election Officials in BiH (AEOBiH)	\$150,000-\$500,000		Cooperative Agreement
Bosnia and Herzegovina	TBD	Bosnia and Herzegovina	Although in design stage with this activity USAID/BiH at the local level, will help improve municipal level governance structures and increase their transparency, accountability and effectiveness. Local governance support will also encourage greater cross-Entity cooperation between municipalities and greater coordination between the RS and Federation Municipal Associations. All activities under this project will contribute to the main objective to improve government's ability to develop and implement policy while increasing opportunities for public participation in these processes.				Other/TBD
Bosnia and Herzegovina	TBD	Bosnia and Herzegovina	The goal is to help BiH citizens understand, overcome, and reconcile ethno-religious differences that present an impediment to lasting peace, reconciliation, and development in BiH.		\$500,001-\$1,000,000		Other/TBD
Bosnia and Herzegovina		Bosnia and Herzegovina	USAID will use \$1,500,000 in FY 2012 AEECA funds to start a new Youth Program. The activity will increase youth's economic opportunities and civic participation. The program will include skills building, training for employment; business startup opportunities and reconciliation and tolerance-building activities. It will increase youth leadership skills; increase communication between youth from different ethnic groups and entities; and increase youth self-confidence through business initiatives. The activity will also encourage youth to be more economically and politically active in BiH society to become prosperous and economically viable citizens of the country.				Other/TBD

CAR	Olga Ekkert	Turkmenistan	Provision of Elective Economic courses for the High School Students.	Serdar Yagmurov	\$150,000-\$500,000	N/A	Cooperative Agreement

Colombia

Colombia	Nubia Farfan	Colombia	To improve the quality of life for Families with Disabilities (FWD) involved in the Strategy for Overcoming Poverty of Red Unidos in the area of Montes de Maria.	Fundación Saldarriaga Concha	\$150,000-\$500,000	2nd Qtr. FY12	Grant
Colombia	Nubia Farfan	Colombia	Conflict Victims Project: Civil Society Strengthening Activity (CVP/CSS) will support victims at the local level to advocate, monitor and validate the GOC's effective implementation of the Victims Law.	TBD	\$4,000,001-\$10,000,000	4th Qtr FY12	Cooperative Agreement
Colombia	Nubia Farfan	Colombia	External Evaluation of Land mines program.	TBD	\$100,001 - \$150,000	TBD	Other/TBD
Colombia	Paula Cubillos	Colombia	To create an entrepreneurial unit that offers activities such as coaching, offer of seed capital and entrepreneurial consultancy to the entrepreneurs in Antioquia who are established in the region with the aim of creating productive units or expanding them; that impacts in a positive manner the economic development of the region and generates employment focused on the vulnerable populations of Antioquia and Sur de Córdoba.	Fundacion Bavaria	\$150,000-\$500,000	1st Qtr. FY11	Grant
Colombia	Miguel Atuesta	Colombia	The goal of this project is to build regional capacity to support the sustained integration of adaptation and climate change into water management within Corporaciones, focusing on the Rio La Vieja watershed, and to extend the benefits of that learning to all Corporaciones in Colombia.	Stockholm Environmental Institute	\$1,000,001-\$4,000,000	3rd. Qtr. FY12	Cooperative Agreement
Colombia	Paula Cubillos	Colombia	The program represents the continuation of two previous five-year programs [Human Rights Programs (HRP) I and II], and is expected to consolidate prior gains, strengthen institutions, and expand geographic/territorial reach to more effectively confront the human rights concerns of vulnerable populations. The program's main objectives will be to support a culture of human rights, prevent abuse and violations of human rights, and provide meaningful and efficient responses to human rights violations once they have occurred. This third phase of human rights program assistance is intended to increase capacity and institutionalization of Colombian actors and entities, while diminishing the role and responsibility of USAID programming over the life of the program; the ultimate goal is to conclude or substantially reduce this area of assistance by the end of this phase.	Chemonics International Inc.	\$10,000,001-\$25,000,000	4th Qtr. FY11	Contract
Colombia	Omar Trigo	Colombia	The objective of this program is to develop financial instruments to leverage capital from Colombia's financial community for local government development investments, in targeted regions, with special focus on CSDI and ACIP municipalities. This will be implemented in accordance with the USAID GDA program requirements, with a one to one match from the alliance partner.	Evenson Dodge International	\$1,000,001-\$4,000,000	1st Qtr. FY11	Grant
Colombia	Omar Trigo	Colombia	This project contemplates support to the Senior Presidential Advisor for Good Governance and Administrative Efficiency. Technical assistance will focus on organizing and international committee of good governance experts to advise the GOC on good governance issues, promoting civil service reform, and providing support on communicating good governance messages.	Partners for Democratic Change	\$4,000,001-\$10,000,000	1st Qtr. FY11	Grant

** Empty Cells = TBD**

Colombia	Omar Trigo	Colombia	Possible Corporacion Excelencia en la Justicia project is divided into two items: 1) Following up the rules reform to the system of justice, and 2) Following up the implementation of the Administrative Litigation Code. The first item intends to follow up reforms on areas such as the constitutional and statutory norms, the penal law, the civil procedural law (as well as labour and family law procedure), the alternative dispute resolutions mechanisms and the justice of peace. The second item intends to follow up two crucial components of the recently approved new Administrative Litigation Code: the evacuation plan of matters currently in the (written) system, which should have started at the beginning of 2010, and the implementation of the new system itself, which will start on June 2012.	Corporacion Excelencia en la Justicia (CEJ)	\$150,000-\$500,000	1st Qtr. FY11	Grant
Colombia	Omar Trigo	Colombia	The objective of this contract is to establish a grant management mechanism for the entire Mission which will enhance the Mission's capacity to meet the goals of the implementation and procurement reform articulated under USAID Forward.	Democracy and Human Rights Office (DHR)	\$10,000,001-\$25,000,000	TBD	Contract
Colombia	Omar Trigo	Colombia	The project, called the Strengthening Access to Justice Project (SAJP), represents the continuation of USAID/Colombia rule of law programming dating back to 1986 and is expected to consolidate prior gains, strengthen institutions, and heighten the focus on civil society and vulnerable populations. The program's main objectives will be to promote greater access to justice through the services provided by Justice Houses; provide support to institutions and organizations at the municipal level to assist in helping to meet the unmet justice needs of women; and support justice sector institutions to implement reforms that improve productivity and the quality of services delivered, especially where reforms have an impact on justice sector performance in consolidation zones. This project is intended to increase capacity and institutionalization of Colombian actors and entities, while diminishing the role and responsibility of USAID programming over the life of the program; the ultimate goal is to conclude or substantially reduce this area of assistance by the end of this phase.	Democracy and Human Rights Office (DHR)	\$10,000,001-\$25,000,000	2nd qtr. FY2012	Contract
Colombia	Miguel Atuesta	Colombia	BPA with all the RIG approved local CPA firms that would permit the Mission to do task orders to conduct different types of audits and assessments and to provide training and capacity building as needed for our new local partners.	TBD	\$500,001-\$1,000,000	3rd Qtr. FY2012	Blanket Purchase Agreement

Cyprus

Cyprus	Cserhati, Agnes	Cyprus	Through this GDA with a local foundation, Sharing History, Art, Research and Education will encourage Cypriots to embrace multiculturalism and engage in reconciliation.	Costas and Rita Severis Foundation	\$1,000,001-\$4,000,000		Cooperative Agreement
--------	-----------------	--------	--	------------------------------------	-------------------------	--	-----------------------

Democratic Republic of the Congo

USAID/DRC/Health	Sparacino, JoAnn	DRC	Expansion of PMI activities into new Provinces and Health Zones	TBD	\$25,000,001-\$75,000,000	4/15/2012	Cooperative Agreement
USAID/DRC/Health	Sparacino, JoAnn	DRC	HIV Prevention Activities, project buy-in from East Africa	FHI 360	\$4,000,001-\$10,000,000		Leader with Associate Award (LWA)
USAID/DRC/Health	Sparacino, JoAnn	DRC	Economic Strengthening activities in high HIV prevalence areas	FHI 360	\$4,000,001-\$10,000,000	1/1/2012	Leader with Associate Award (LWA)
USAID/DRC/EDU	Mwadime, Mary Chao	DRC	The goal of this program is to empower Congolese girls through education to play a leadership role in society. The program aims to reduce school-related gender-based violence (SRGBV), increase the number of adolescent girls transitioning from primary to secondary school, improve opportunities for those who drop out, and provide the knowledge and skills needed for adolescent girls to practice leadership and effect positive social change in their communities.	TBD	\$10,000,001-\$25,000,000	8/1/2012	Contract
USAID/DRC/GDO	Sood, Ketan	DRC	This PSC position will support the Social Protection Advisor to the DRC Mission	TBD	\$150,000-\$500,000	TBD	Personal Services Contract (PSC)
USAID/CAR	Mary Mwadime	Central Africa - CARPE	This is to recruit a USPSC Director to replace the current Director of the CARPE Program who has been employed under a PASA with USDA.	John Flynn	\$150,000-\$500,000	4/1/2012	Personal Services Contract (PSC)

** Empty Cells = TBD**

USAID/CAR	Mary Mwadime	Central Africa - CARPE	This award will provide technical assistance and training to support CARPE's IR-3 (Policy and regulatory environments supporting sustainable forest management and biodiversity conservation established) and IR-4 (Capacity to monitor forest resources, greenhouse gas emission and biodiversity strengthened). Through a network of local and regional partners (governments, civil society organizations and private businesses), this activity will use the remote sensing satellite imagery and GIS to monitor logging concession management and make this information available to the general public via publications and public-access websites, a timely information tool to decision makers for appropriate policy response. One of the important tools is the interactive forest atlas. Forest concession atlas mapping will be extended to mining concessions, a recent growing and emerging threat to forest resource degradation in Central Africa.	TBD	\$4,000,001-\$10,000,000	4/1/2012	Cooperative Agreement
USAID/CAR	Mary Mwadime	Central Africa - CARPE	This program aims to maintain the ecological integrity of the ecosystem of the 2.66 million hectares of the Monte Alen - Monte de Cristal Forest Landscape in Gabon and Equatorial Guinea through sustainable landscape management and biodiversity conservation, using the landscape management approach that engages all of the key stakeholders in the spatial planning processes leading to the consensual management of the landscape according to three general categories of "macro-zones" -- protected areas, extractive resource zones, and community-based natural resource management zones. These macro-zones are then managed to minimize deforestation, forest degradation and biodiversity loss consistent with local needs and national/regional priorities. The planning guides developed by the US Forest Service for each category of macro-zones are the major tools for managing these vast areas of tropical forest. The successful implementation of this program lead to the sustainable management of the landscape, the mitigation of threats to biodiversity and stabilization of land-based greenhouse gas emissions.	TBD	\$1,000,001-\$4,000,000	4/1/2012	Cooperative Agreement
USAID/CAR	Mary Mwadime	Central Africa - CARPE	This program aims to maintain the ecological integrity of the ecosystem of the 4.05 million hectares of the Gamba-Conkouati Forest Landscape in Gabon and Republic of Congo through sustainable landscape management and biodiversity conservation, using the landscape management approach that engages all of the key stakeholders in the spatial planning processes leading to the consensual management of the landscape according to three general categories of "macro-zones" -- protected areas, extractive resource zones, and community-based natural resource management zones. These macro-zones are then managed to minimize deforestation, forest degradation and biodiversity loss consistent with local needs and national/regional priorities. The planning guides developed by the US Forest Service for each category of macro-zones are the major tools for managing these vast areas of tropical forest. The successful implementation of this program lead to the sustainable management of the landscape, the mitigation of threats to biodiversity and stabilization of land-based greenhouse gas emissions.	TBD	\$1,000,001-\$4,000,000	4/1/2012	Cooperative Agreement
USAID/CAR	Mary Mwadime	Central Africa - CARPE	This program aims to maintain the ecological integrity of the ecosystem of the 3.48 million hectares of the Lope Forest Landscape in Gabon through sustainable landscape management and biodiversity conservation, using the landscape management approach that engages all of the key stakeholders in the spatial planning processes leading to the consensual management of the landscape according to three general categories of "macro-zones" -- protected areas, extractive resource zones, and community-based natural resource management zones. These macro-zones are then managed to minimize deforestation, forest degradation and biodiversity loss consistent with local needs and national/regional priorities. The planning guides developed by the US Forest Service for each category of macro-zones are the major tools for managing these vast areas of tropical forest. The successful implementation of this program lead to the sustainable management of the landscape, the mitigation of threats to biodiversity and stabilization of land-based greenhouse gas emissions.	TBD	\$1,000,001-\$4,000,000	4/1/2012	Cooperative Agreement

** Empty Cells = TBD**

USAID/CAR	Mary Mwadime	Central Africa - CARPE	This program aims to maintain the ecological integrity of the ecosystem of the 14.11 million hectares of the Tri-DOM Forest Landscape in Gabon, Republic of Congo and Cameroon through sustainable landscape management and biodiversity conservation, using the landscape management approach that engages all of the key stakeholders in the spatial planning processes leading to the consensual management of the landscape according to three general categories of "macro-zones" -- protected areas, extractive resource zones, and community-based natural resource management zones. These macro-zones are then managed to minimize deforestation, forest degradation and biodiversity loss consistent with local needs and national/regional priorities. The planning guides developed by the US Forest Service for each category of macro-zones are the major tools for managing these vast areas of tropical forest. The successful implementation of this program lead to the sustainable management of the landscape, the mitigation of threats to biodiversity and stabilization of land-based greenhouse gas emissions.	TBD	\$4,000,001-\$10,000,000	4/1/2012	Cooperative Agreement
USAID/CAR	Mary Mwadime	Central Africa - CARPE	This program aims to maintain the ecological integrity of the ecosystem of the 4.46 million hectares of the Tri National Forest Landscape in Gabon, Central African Republic and Republic of Congo through sustainable landscape management and biodiversity conservation, using the landscape management approach that engages all of the key stakeholders in the spatial planning processes leading to the consensual management of the landscape according to three general categories of "macro-zones" -- protected areas, extractive resource zones, and community-based natural resource management zones. These macro-zones are then managed to minimize deforestation, forest degradation and biodiversity loss consistent with local needs and national/regional priorities. The planning guides developed by the US Forest Service for each category of macro-zones are the major tools for managing these vast areas of tropical forest. The successful implementation of this program lead to the sustainable management of the landscape, the mitigation of threats to biodiversity and stabilization of land-based greenhouse gas emissions.	TBD	\$4,000,001-\$10,000,000	4/1/2012	Cooperative Agreement
USAID/CAR	Mary Mwadime	Central Africa - CARPE	This program aims to maintain the ecological integrity of the ecosystem of the 10.18 million hectares of the Salonga Landscape in the Democratic Republic of Congo through sustainable landscape management and biodiversity conservation, using the landscape management approach that engages all of the key stakeholders in the spatial planning processes leading to the consensual management of the landscape according to three general categories of "macro-zones" -- protected areas, extractive resource zones, and community-based natural resource management zones. These macro-zones are then managed to minimize deforestation, forest degradation and biodiversity loss consistent with local needs and national/regional priorities. The planning guides developed by the US Forest Service for each category of macro-zones are the major tools for managing these vast areas of tropical forest. The successful implementation of this program lead to the sustainable management of the landscape, the mitigation of threats to biodiversity and stabilization of land-based greenhouse gas emissions.	TBD	\$4,000,001-\$10,000,000	4/1/2012	Cooperative Agreement
USAID/CAR	Mary Mwadime	Central Africa - CARPE	This program aims to maintain the ecological integrity of the ecosystem of the 3.52 million hectares of the Leconi Landscape in Gabon and Republic of Congo through sustainable landscape management and biodiversity conservation, using the landscape management approach that engages all of the key stakeholders in the spatial planning processes leading to the consensual management of the landscape according to three general categories of "macro-zones" -- protected areas, extractive resource zones, and community-based natural resource management zones. These macro-zones are then managed to minimize deforestation, forest degradation and biodiversity loss consistent with local needs and national/regional priorities. The planning guides developed by the US Forest Service for each category of macro-zones are the major tools for managing these vast areas of tropical forest. The successful implementation of this program lead to the sustainable management of the landscape, the mitigation of threats to biodiversity and stabilization of land-based greenhouse gas emissions.	TBD	\$1,000,001-\$4,000,000	4/1/2012	Cooperative Agreement

** Empty Cells = TBD**

USAID/CAR	Mary Mwadime	Central Africa - CARPE	This program aims to maintain the ecological integrity of the ecosystem of the 12.62 million hectares of the Lac Tumba - Lac Tele Landscape in Republic of Congo and Democratic Republic of Congo through sustainable landscape management and biodiversity conservation, using the landscape management approach that engages all of the key stakeholders in the spatial planning processes leading to the consensual management of the landscape according to three general categories of "macro-zones" -- protected areas, extractive resource zones, and community-based natural resource management zones. These macro-zones are then managed to minimize deforestation, forest degradation and biodiversity loss consistent with local needs and national/regional priorities. The planning guides developed by the US Forest Service for each category of macro-zones are the major tools for managing these vast areas of tropical forest. The successful implementation of this program lead to the sustainable management of the landscape, the mitigation of threats to biodiversity and stabilization of land-based greenhouse gas emissions.	TBD	\$4,000,001-\$10,000,000	4/1/2012	Cooperative Agreement
USAID/CAR	Mary Mwadime	Central Africa - CARPE	This program aims to maintain the ecological integrity of the ecosystem of the 7.30 million hectares of the Maringa Loporri Wamba Landscape in the Democratic Republic of Congo through sustainable landscape management and biodiversity conservation, using the landscape management approach that engages all of the key stakeholders in the spatial planning processes leading to the consensual management of the landscape according to three general categories of "macro-zones" -- protected areas, extractive resource zones, and community-based natural resource management zones. These macro-zones are then managed to minimize deforestation, forest degradation and biodiversity loss consistent with local needs and national/regional priorities. The planning guides developed by the US Forest Service for each category of macro-zones are the major tools for managing these vast areas of tropical forest. The successful implementation of this program lead to the sustainable management of the landscape, the mitigation of threats to biodiversity and stabilization of land-based greenhouse gas emissions	TBD	\$4,000,001-\$10,000,000	4/1/2012	Cooperative Agreement
USAID/CAR	Mary Mwadime	Central Africa - CARPE	This program aims to maintain the ecological integrity of the ecosystem of the 6.82 million hectares of the Maiko Tayna - Kahuzi Biega Landscape in the Democratic Republic of Congo through sustainable landscape management and biodiversity conservation, using the landscape management approach that engages all of the key stakeholders in the spatial planning processes leading to the consensual management of the landscape according to three general categories of "macro-zones" -- protected areas, extractive resource zones, and community-based natural resource management zones. East Africa

Regional Economic Growth and Integration Office	Michael Makosala	623	Funds will support a development grant mechanism that leverages other bilateral, multilateral and private resources in working with medium-sized enterprises to promote renewable energy and energy efficiency, finance enhancement and facilitation for end-use energy efficiency and/or renewable energy technologies in the region. Private sector enterprises are critical in mobilizing additional resources and skills necessary to increase access to clean energy services, especially for the under-served rural populations.	TBD	\$1,000,001-\$4,000,000	July 2012	Grant
Regional Economic Growth and Integration Office	Michael Makosala	623	The overall goal of PREPARED is to strengthen the climate resilience of economic development in East Africa through improved science based technical capacity and policy leadership. PREPARED will enhance East Africa's response to climate change through building solid science and data management capacity; enabling strong working partnerships between stakeholders and decision-makers; creating and strengthening policy leadership and knowledge frameworks to support and integrate adaptive strategies with an emphasis on three top regional priority climate-sensitive sectors: food security, freshwater resources, and biodiversity conservation.	TBD	\$25,000,001-\$75,000,000	March 2012	Contract
Regional Economic Growth and Integration Office	Michael Makosala	623	The African Institutions Innovation Mechanism (AIIM), which is a call for proposals under an Annual Program Statement (APS), is a key component of USAID Forward and the approved USAID/East Africa Feed the Future (FTF) multi-year strategy (FY2011-2015). AIIM will provide grants and cooperative agreements to indigenous African institutions, in support of USAID Forward reforms.	TBD	\$4,000,001-\$10,000,000	March 2012	Grant

** Empty Cells = TBD**

Regional Economic Growth and Integration Office	Michael Makosala	623	AIIM-Assist will assist in the management and tracking of the AIIM APS, provide support to build the capacity of AIIM grantees, and provide technical support to bilateral USAID missions and African regional partners.	TBD	\$1,000,001-\$4,000,000	February 2012	Indefinite Quantity Contracts (IQC)
Regional Economic Growth and Integration Office	TBD	623	USAID/East Africa's new East Africa Trade Expansion/Hub project is currently under design with implementation to begin in 2013. The new project will build on the successes of the USAID/EA Competitiveness and Trade Expansion (COMPETE) project focused on 1) increase integration and reduce barriers to regional and international trade; 2) increase competitiveness and trade in select regional value chains; and 3) increase US/ECA trade and ECA capacity to compete internationally, access new regional and international markets, and better take advantage of AGOA. The new project will serve as a key program component in achieving the Mission's Feed the Future objectives of increasing the availability and trade of staple foods. As well, the project will serve as the East Africa Mission's programming for the African Competitiveness and Trade Expansion Initiative (ACTE) by providing trade-related technical assistance to export firms and promoting increased trade under AGOA between East and Sub-Saharan Africa and the United States.	TBD	\$75,000,001 and up	TBD	Contract
Regional Economic Growth and Integration Office	Michael Makosala	623	This award will be designed jointly with BFS and AFR/SD in Washington, the other regional missions, and the Feed the Future focus missions, building on the lessons of the Africa Lead project.	TBD	\$4,000,001-\$10,000,000	2nd quarter of FY 2013	Contract
Regional Economic Growth and Integration Office	Michael Makosala	623	The Regional Climate Change and Natural Resource Management Advisor serves as Team Leader of the Global Climate Change, Environment and Water Team of the Regional Economic Growth and Integration (REGI) Office, which carries significant responsibilities for program implementation, results achievement, reporting standards, public communications and overall staff management. S/he provides expert technical and policy leadership on a broad range of issues related to Global Climate Change and Natural Resource Management. S/he coordinates directly with bilateral USAID missions in the region, USAID/Washington, U.S. Embassies, the broader US Government (USG) agencies working in eastern and central Africa, the Regional Economic Communities – COMESA, the East African Community, and the Intergovernmental Authority on Development (IGAD), as well as other African institutions including the Lake Victoria Basin Commission. S/he has considerable authority to represent REGI and USAID/EA in internal and external policy and program meetings with senior level officials and, in particular, act for USAID/EA on issues within his/her technical area subject matter, including the Presidential Initiative on Global Climate Change, which is central to USG foreign policy and assistance.	Julie Fischer			Personal Services Contract (PSC)
Regional Conflict Management and Governance Office	Ali Ali	623	The new agreement will build and strengthen community/local-level cross-border conflict management mechanisms incorporating local civil society and local government in select IGAD member states. These mechanisms will be linked to the regional conflict early warning and response mechanism. In addition, the implementer will mentor East African NGOs in each country of implementation to be able to support community-level conflict management in the future. Further, the implementer will provide technical support to the regional conflict early warning and response mechanism.	TBD	\$10,000,001-\$25,000,000	October 2012	Cooperative Agreement
Regional Conflict Management and Governance Office	Ali Ali	623	This award will provide capacity building, technical, and other support to civil society, and potentially small private sector actors, to actively and effectively participate in the Central Africa minerals certification system and related activities with the goals of improving human rights associated with mineral extraction and deterring illicit mining.	TBD	\$4,000,001-\$10,000,000	October 2012	Cooperative Agreement
Regional Conflict Management and Governance Office	Ali Ali	623	This award will conduct an impact evaluation (pending feasibility of conducting an impact evaluation) of the planned program to strengthen cross-border conflict management in the Horn of Africa (PEACE III)	TBD	\$150,000-\$500,000	October 2012	Other/TBD
Regional Health and HIV/AIDS Office	Ali Ali	EA Regional	Provide USAID East Regional Mission, bilateral USAID Missions in Africa, and African non-presence countries with country backstopping, coordination and programmatic support to assist in successful implementation of the USAID's EPT Program in the Congo Basin Region of Africa.	TBD	\$1,000,001-\$4,000,000	3/23/2012	Personal Services Contract (PSC)

** Empty Cells = TBD**

Regional Health and HIV/AIDS Office	Ali Ali	EA Regional	This project plans to engage an international organization to initially build the capacity of a regional African organization and eventually transition to them the leadership and management of family planning/ reproductive health programming in the region. The program will focus on integration, innovation and ICT as key elements for strengthening FP/RH service delivery, including addressing sexual and gender based violence in the region.	TBD	\$4,000,001-\$10,000,000	TBD	Other/TBD
Regional Health and HIV/AIDS Office	Ali Ali	EA Regional	The purpose of this evaluation is to assess the process and outcomes of the ROADS I and II projects in strengthening the response to HIV/AIDS in vulnerable mobile and transient populations along transport corridors in East, Central and Southern Africa. In addition, the evaluation will assess the additional value in integrating Family Planning/Reproductive Health (FP/RH), Maternal and Child Health (MCH) and nutrition interventions into the ROADS I & II projects. Conclusions, lessons learned and recommendations will provide information that will allow USAID/East Africa to (i) make decisions about a follow-on project and; (ii) determine what aspects of the project can be scaled-up by USAID/EA and bi-lateral programs in the region.	TBD	\$150,000-\$500,000	TBD	Contract
Regional Health and HIV/AIDS Office	Ali Ali	EA Regional	The purpose of this evaluation is: to assess and document the achievements, impacts and lessons learned through the Flexible Family Planning project in developing appropriate service delivery models for FP/RH/GBV for communities affected by crises, conflict and natural disaster. The evaluation will also assess the effectiveness of various models of service delivery – the Emergency Preparedness phase; Minimum Prevention and Response phase and Comprehensive Prevention and Response phase; and utilize the information to assist USAID/East Africa to (i) make decisions about a follow-on project and; (ii) determine what aspects of the project can be scaled-up by USAID/EA and bi-lateral programs in the region.	TBD	\$150,000-\$500,000	TBD	Contract
Regional Health and HIV/AIDS Office	Ali Ali	EA Regional	The consultants will support the development to a result framework, facilitate a partners meeting, and finalize the RHH strategy.	TBD	\$150,000-\$500,000	TBD	Contract

East Timor

USAID/Timor-Leste -OGD	Paoluglam, Kornpreeya	Timor-Leste	The main objective WASH-NRM is to strengthen district delivery of community water supply, sanitation, and hygiene promotions and Natural Resource Management services leading to measurable improvement of health, productivity and environmental conditions. WASH-NRM Project will measure success through increasing access to water, sanitation and improved hygiene behaviors, progress water source management by the target population; creating functioning community organizations that manage service delivery in water, environment and hygiene/health; and increasing the amount of land under improved management. The program is expected to create benefits impact for more than 20,000 population and 3500 households inside 5 sub districts, 6 villages and 18 sub villages in district Ermera. NRM program is expected to carry out more than 30 water sources protection and 5-10 ha land conservation.	TBD	\$1,000,001-\$4,000,000		Cooperative Agreement

Jordan

USAID/Jordan	Abd-Rabu, Ziad	Jordan	This is a new three-year project to provide technical assistance to activities such as designing an incentive mechanism for electricity distribution companies to promote energy efficiency, provide a variety of capacity building tasks for the energy entities in Jordan, provide training of skilled labor leading to their certification, provide building materials and equipment testing laboratories equipment, and develop a regulated industry for the energy services companies in Jordan.	TBD	\$10,000,001-\$25,000,000	8/15/2012	Other/TBD
USAID/Jordan	Abd-Rabu, Ziad	Jordan	This Project is intended to initiate energy efficiency efforts at the community level. This project will enable the community to consume measurably less energy and demonstrate the importance of involving the public at the grassroots level in actions that contribute to achieving the goals of the Updated National Energy Strategy for Jordan. Implementing this Project will help strengthen local civil society to improve aid effectiveness and sustainability.	TBD	\$1,000,001-\$4,000,000	10/30/2012	Other/TBD
USAID/Jordan	Abd-Rabu, Ziad	Jordan	The purpose of the Impact Evaluation for the Community Energy Initiative is to measure the change and impact achieved in the pilot community targeted by the Community Energy Initiative. Because this is a pilot Project under the Energy Program, conducting an impact evaluation will measure its success and help the Mission make sound decisions on future expansion of this initiative in scale or scope.	TBD	\$150,000-\$500,000	10/30/2012	Other/TBD
USAID/Jordan	Kayyal, Rima	Jordan	Obtain services of a local CPA firm to provide professional financial, management and auditing services to USAID in Jordan.		\$150,000-\$500,000	1/31/2012	Other/TBD
USAID/Jordan	Kayyal, Rima	Jordan	To improve the business climate and increase the competitiveness of Jordanian firms with the goal of increasing economic growth and job creation	Deloitte	\$25,000,001-\$75,000,000	12/11/2011	Contract
USAID/Jordan	Kayyal, Rima	Jordan	Pilot and bring to scale a development finance model for pairing youth financing with training which will contribute to employment creation and poverty reduction for Jordanian youth, and which will generate learning that can be shared and replicated throughout the MENA region.	FINCA	\$500,001-\$1,000,000		Grant
USAID/Jordan	Ghanma, Arwa	Jordan	Provide technical architectural and engineering services pertaining to the assessment, design and supervision of the construction of 25 new public schools and the renovation/extension of additional 100 schools. The prime contractor will be required to utilize local A/E firms to implement the designs and to work closely with the host country to build the capacity of host government and to ensure transferring the knowledge. The produced A/E school designs will be constructed by local construction contractors through host country contracting and country systems.	TBD	\$10,000,001-\$25,000,000		Contract
USAID/Jordan	Ghanma, Arwa	Jordan	Improve student well-being and school achievement through improving the physical infrastructure of the learning environment. The project will target 120 public schools in Jordan. Physical improvement projects are planned to be implemented through host country contracting and country systems.	TBD	\$4,000,001-\$10,000,000	4/30/2012	Contract
USAID/Jordan	Ghanma, Arwa	Jordan	Strengthen the capacity of the education sector in Jordan by supporting the new ERfKE II initiative championed by the Ministry of Education (MoE). ERSP is specifically focusing on four areas of development: (1) early childhood education; (2) youth, technology and careers; (3) professional development and certification; and, (4) data use in school-based decision making. Through working within the Ministry reform initiative, USAID's partnership and collaboration with donors are strengthened and duplication is avoided. Two of the three major sub-partners under the Prime contractor are local entities specialized in professional development and teacher training.	Creative Associates	\$25,000,001-\$75,000,000		Other/TBD

** Empty Cells = TBD**

USAID/Jordan	Ghanma, Arwa	Jordan	Improve student behavior and school achievement in 320 Ministry of Education schools through (a) Building awareness within school communities to support enabling environments that contribute to positive learning behaviors and school achievement, and reinforce positive change including reduced violence and bullying and increased healthy behaviors; (b) Establishing effective and sustainable communications channels within schools and with the community; and (c) Assisting the Ministry of Education to develop a sustainable learning environment (LE) quality assurance and accreditation system. Across all components, the project works collaboratively with the Ministry of Education to strengthen its capacity to maintain and sustain the activities and improvements and also roll-out to other Ministry schools. One of the two major sub-partners under the Prime contractor is a local entity specialized in professional development and teacher training.	Creative Associates	\$10,000,001-\$25,000,000		Other/TBD
USAID/Jordan	Ghanma, Arwa	Jordan	This program builds the capacity of the judiciary and the Ministry of Justice and strengthen local civil society organizations.	Tetra Tech DPK	\$10,000,001-\$25,000,000		Other/TBD
USAID/Jordan	Ghanma, Arwa	Jordan	This assessment will support DG program priorities emerging from the CDCS process in early 2012. The assessment will review the feasibility of initiating a stand-alone activities to aggressively combat corruption while supporting the integration of direct and/or indirect anti-corruption measures across other sector portfolios.	TBD	\$150,000-\$500,000	5/1/2012	Other/TBD
USAID/Jordan	Kayyal, Rima	Jordan	To promote behavior change communication linked to changing attitudes and behaviors with respect to smaller family size and demand for FP/RH services.	TBD			Other/TBD
USAID/Jordan	Kayyal, Rima	Jordan	To reduce poverty in Jordan by building employment skills and assets of, and increasing access to finance for, Jordan's vulnerable populations	TBD			Other/TBD
USAID/Jordan	Kayyal, Rima	Jordan	To strengthen and expand Health Care Accreditation at two levels of the health system in Jordan.	University Research Co.	\$10,000,001-\$25,000,000		Other/TBD

Uganda

Uganda: Economic Growth	Florence Alimo	617 (Uganda)	The overall objective of the Program for Agricultural Inputs Development (PAID) is increased production of maize, beans, and coffee through the appropriate use of high quality agro-inputs (seeds, fertilizers, pesticides, herbicides, and light equipment). This will be achieved through i) increasing the availability of inputs to farmers in Feed the Future (FTF) focus districts (see Attachment A), ii) decreasing the prevalence of counterfeit agricultural inputs, iii) increasing awareness of inputs, their benefits, and proper usage, and iv) improving domestic regulatory, convening, and advocacy capacity for inputs.		\$4,000,001-\$10,000,000	4/13/2012	Contract
Uganda: Economic Growth	Sarah Acio	617 (Uganda)	USAID Uganda's project for Strengthening Agriculture and Rural Transformation through Value Chain development (START-VC) will contribute to increasing the quantity and improving the quality of output produced and marketed by smallholder farmers. The START-VC project will also generate jobs (both on- and off-farm) and stimulate rural enterprise development. This project will focus on the three value chains identified in the Uganda Feed the Future (FTF) Strategy- coffee, maize, and beans.		\$10,000,001-\$25,000,000	5/15/2012	Contract
Uganda: Economic Growth	Jackie Mirembe	617 (Uganda)	In support of the GOU DSIP, USAID/Uganda seeks to increase private sector investment in agriculture and, the food and beverages industry by \$75 million or more over five years using the mechanism of a \$25m partnership investment fund to make available venture capital to enter into public-private agreement(s), involving new partners and innovative approaches will be available to coffee, maize, beans value chains.		\$10,000,001-\$25,000,000	2/1/2012	Cooperative Agreement
Uganda: Economic Growth	Fatumah Mutaasa	617 (Uganda)	The Mission intends to issue a cooperative agreement through full and open competition for \$6 million over three years to support the agriculture policy and enabling environment. This activity will support selected initiatives to harmonize trade policies and standards and support the enactment of the Food and Nutrition Bill to create a National Food and Nutrition Council. It will facilitate GOU policy to strengthen the linkages between agriculture and nutrition; ensure integration of nutrition in MAAIF programs; and enhance inter-sectoral coordination and collaboration. The activity will prioritize legislation and implementation of policy reform to increase the effectiveness of public services delivered to the private sector.		\$4,000,001-\$10,000,000	TBD	Cooperative Agreement
Uganda: Economic Growth	Sarah Acio	617 (Uganda)	The Mission intends to issue multiple types of awards, including a FARA with the GOU, to provide assistance to the institutional support component of the DSIP of the MAAIF. The DSIP is the Ugandan-owned plan for improvement in the agricultural sector and USAID's FTF strategy is designed to support, in coordination with other donors, this plan. The institutional support component involves the implementation of a revised MAAIF structure with several departments being re-configured, newly established, and amalgamated.		\$4,000,001-\$10,000,000	TBD	Other/TBD
Uganda: Economic Growth	Nathaniel Scott	617 (Uganda)	The purpose of the Oil Environmental Management Capacity Building Project is to build capacity of government, civil society and other key stakeholders in environmental management and biodiversity conservation in relation to petroleum development. The implementing partner of this contract will work with suitable Ugandan institutions of higher learning to establish programs that will provide short term training, Masters in Science Degrees and PhDs to prospective students.		\$4,000,001-\$10,000,000	5/30/2012	Contract
Uganda: Economic Growth	Jackie Mirembe	617 (Uganda)	The principal objective of this program is to use eco-tourism as a tool to reduce threats to biodiversity (and to conserve critical ecosystems across Uganda's diverse landscapes) to ensure sustained economic growth.		\$4,000,001-\$10,000,000	2/3/2012	Cooperative Agreement

** Empty Cells = TBD**

Uganda: Democracy and Governance	Harriet Luwemba	617 (Uganda)	5 yr project to support peace building and conflict mitigation in Uganda through strengthening land administration, dispute resolution mechanisms and supporting dialogue processes to facilitate reconciliation and mitigate emerging conflict. To achieve this objective, the Project will integrate a set of activities under two complementary components: 1) Access to justice and 2) Peace and reconciliation processes.		\$10,000,001-\$25,000,000	11/29/2011	Contract
Uganda: Democracy and Governance	Harriet Luwemba	617 (Uganda)	5 yr project to increase participation, accountability and local governance for effective service delivery. The program will enhance accountability within local government institutions, strengthen the Government of Uganda (GOU) accountability institutions, improve local government governance, support civil society organizations (CSOs) and other non-state actors.		\$10,000,001-\$25,000,000	2/15/2012	Contract
Uganda: Democracy and Governance	Harriet Luwemba	617 (Uganda)	The Democratic Rule of Law, Human Rights, Consensus Building and Participation (DHCP) program will support peaceful political competition to facilitate a democratic and representative political process, promote broad-based citizen participation in defining changes to governance structures and procedures, promote democratic competitive political processes that incorporate and reflect the will of citizens and advocate for promotion, equal access to justice, protection of human rights and enhance free flow of information to develop a functioning democracy.		\$4,000,001-\$10,000,000	TBD	Cooperative Agreement
Uganda: Program and Policy Development	Fatumah Mutaasa	617 (Uganda)	This activity has been designed to meet USAID/ Uganda's needs for accessing and using sound evidence, catalyze learning and adapting program management.		\$10,000,001-\$25,000,000	6/15/2012	Contract
Uganda: Health and Education	Godfrey Kyagaba	617 (Uganda)	Improve and sustain health outcomes and nutritional status of population in Acholi and Lango region through district -based system strengthening and integrated services for HIV/AIDS, tuberculosis, malaria, maternal and child health, reproductive health and family planning, nutrition, water and sanitation for the fulfillment of the health sector's contribution to the National Development Plan and Millennium Development Goals (MDGs) of reducing maternal and child mortality; to reducing fertility; malnutrition; the burden of HIV/AIDS, Tuberculosis and malaria.		\$25,000,001-\$75,000,000	2/1/2012	Cooperative Agreement
Uganda: Health and Education	Godfrey Kyagaba	617 (Uganda)	This program recognizes that the development of Uganda's human capacity is critical to the sustainability of USAID's investments across all three of USAID/Uganda's Development Objectives (health, governance, economic growth). By investing in students' literacy, HIV/AIDS and health knowledge and skills, USAID expects to increase students' success and retention in school, promote health-seeking behaviors, and lay the foundation for the socio-economic benefits that have been demonstrated to accrue from students'—especially girls'—education attainment.		\$25,000,001-\$75,000,000	11/17/2011	Cooperative Agreement
Uganda: Health and Education	Godfrey Kyagaba	617 (Uganda)	USAID/Uganda seeks to collaborate with an external research partner to conduct performance and impact evaluation (P&IE) of a planned five-year Literacy and Health Education Program in Uganda. The primary purpose of this P&IE is to evaluate program implementation and effectiveness, and the extent to which the program's literacy and HIV/AIDS prevention activities result in measurable impact at the level of student learning.		\$1,000,001-\$4,000,000	4/10/2012	Contract
Uganda: Health and Education	Nathaniel Scott	617 (Uganda)	"Communication for Better Health" is a new health sector-wide activity in Uganda that seeks to improve the national HIV/AIDS and health response through strengthened health communication. The project aims to increase demand for and uptake of critical HIV and health services, to promote adoption of behaviors that positively impact health, and to strengthen coordination systems and capacity of government and civil society.		\$25,000,001-\$75,000,000	6/15/2012	Contract
Uganda: Health and Education	Jackie Mirembe	617 (Uganda)	This technical assistance activity's goal is to increase Tuberculosis (TB) Case Detection (CDR) and Treatment Success Rate (TSR) in focus areas in order to contribute to the meeting of national targets for reducing the burden of TB; MDR TB and TB/HIV. The activity will provide technical assistance to the Uganda National TB and Leprosy Program (NTLP) and USAID district-based TB programs; improve coordination of TB and TB/HIV activities scale up MDR TB interventions; and implement innovative TB control strategies in Kampala.		\$4,000,001-\$10,000,000	5/30/2012	Cooperative Agreement
Uganda: Health and Education	Sarah Acio	617 (Uganda)	USAID/Uganda, is seeking proposals from qualified organizations interested in providing services to support the Uganda Indoor Residual Spraying Project- phase II. The purpose of this contract is to achieve Presidential Malaria Initiative (PMI)/Uganda targets in indoor residual spraying (IRS) through: (1) implementing a high quality IRS program, (2) conducting comprehensive monitoring and evaluation of the IRS program, and (3) developing national capacity to conduct IRS.		\$25,000,001-\$75,000,000	12/9/2011	Contract

** Empty Cells = TBD**

Uganda: Health and Education	Godfrey Kyagaba	617 (Uganda)	Procurement of equipment and accessories necessary for the roll-out of the National EMIS program.		\$1,000,001-\$4,000,000	5/15/2012	Contract
------------------------------	-----------------	--------------	---	--	-------------------------	-----------	----------

The main objective of the Survivor Support program is to increase the availability and uptake of quality GBV services, including clinical, psychological, and economic assistance, for adult and children survivors of GBV. Another objective is to build the capacity of local implementers of the STOP GBV Prevention and Advocacy, and Access to Justice Programs.	TBD	\$4,000,001-\$10,000,000	1/15/2012	Cooperative Agreement
Zambia	Cecilia Kasoma	Zambia	Zambia Orphans and Vulnerable Children Management Information System project (ZOMIS) will feed into USAID/Zambia's goal of reduced impact of HIV/AIDS through multi-sectoral response and will contribute to intermediate results of improved care and support for people living/affected by HIV/AIDS, strengthened capacity of key sectors to mitigate the HIV/AIDS impact and improved policy and regulatory environment. The ZOMIS project will contribute to the USAID bigger picture objective of strengthening the public sector response for OVC through systems strengthening by addressing the many challenges of Orphans and Vulnerable Children (OVC) identification, targeting, implementation and monitoring of the external support and outcomes. The ZOMIS project is expected to collaborate with two other system strengthening projects called District OVC System Strengthening project (DOSS) and the Zambia OVC System Strengthening (ZOVSS).	TBD	\$1,000,001-\$4,000,000	4/13/2012	Cooperative Agreement
Zambia	Cecilia Kasoma	Zambia	Zambia Orphans and Vulnerable Children Systems Strengthening Program (ZOVSS) will feed into USAID/Zambia's goal of reduced impact of HIV/AIDS through a multi-sectoral response and will contribute to intermediate results of improved care and support for people living/affected by HIV/AIDS, strengthened capacity of key sectors to mitigate the HIV/AIDS impact and improved policy and regulatory environment. The program will address the implementation challenges of Orphans and Vulnerable Children (OVC) services. ZOVSS will provide technical leadership for strengthening systems of implementation and promote joint planning and program implementation across key line ministries. ZOVSS will also promote the strengthening and utilization of the already existing structures (government and community) for effective OVC service implementation in Zambia. The ZOVSS project is expected to collaborate and build the capacity of the other two system strengthening projects: District OVC System Strengthening project (DOSS) and the Zambia OVC Management Information System (ZOMIS).	TBD	\$10,000,001-\$25,000,000	4/13/2012	Cooperative Agreement
